<sup>2</sup>The Home Equity Line of Credit loan promotion can be terminated at any time. The introductory rate is fixed for one year after the origination date. Once the fixed rate promotional period ends, the Annual Percentage Rate (APR) is variable based on an index and margin. The index is the highest United States Prime rate as published by The Wall Street Journal (WSJ) on the last business day before the start of each month's billing cycle. As of 12/20/2024, the Prime Rate was 7.50%. The margin and the introductory rate are based on credit. Lowest possible margin is WSJ Prime minus 0.50%. Once promotional rate ends, the APR cannot fall below the minimum of 3.25% nor exceed a maximum of 18.00%. Proof of homeowners insurance required. CT owner-occupied properties only. Minimum Line is \$25,000. Maximum Line is \$750,000. Minimum credit advances that you can make is \$300. The Credit Union will lend up to 80% cumulative loan-to-value. All loans are subject to credit and underwriting guidelines and membership eligibility. Refinancing existing CrossPoint FCU home equities not eligible. Third Party Fees may need to be reimbursed if the loan is closed within the first 24 months of the origination date.
